“When You’ve Worked A FISTS, You’ve Worked A Friend”

Reference Issue 2004

Hello FISTS! This is the reference issue for 2004. Please keep it on hand, as it will answer most of your questions. If there is anything that you would like to see in the next reference issue, be sure to let me know, I tried to cover everything, but....!

Remember, that when you are on the air, you are flying the FISTS flag. Please strive to be courteous at all times, as well as, welcoming and encouraging to people who are new to Morse code. In such uncertain times for the future of Ham Radio in general, the perpetuation and preservation of our beloved mode is in our hands. Volunteer to be a Code Buddy or a practice buddy. Give a presentation about Morse code to your local club (maybe even a FISTS presentation). Work the CW tent at Field Day or set up a Special Event station at your local town celebration during the 4th of July or Labor Day.

I would like to ask you as a personal favor to SPREAD OUT on the bands. I get so many letters from the County Hunters and QRPers complaining, somewhat bitterly, about FISTS calling CQ FISTS on "their" frequencies, particularly on 20 meters. We needed calling frequencies back when we only had a hundred or so FISTS, but we have thousands of FISTS now. You can call CQ FISTS anywhere on the band and you should be able to find a member to chat with. It creates a lot of animosity when we all cram in on one frequency, not to mention it makes a lot of QRM. Spread out.

It has been suggested that instead of calling CQ FISTS, we call CQ with /FISTS after our callsign. like CQ CQ CQ de WZ8C/FISTS. That seems like a good compromise if you would like to let people listening that you are a FISTS member and would like a FISTS member to respond, but you would chat with anyone who answered. Some people have the impression that FISTS members are snobby and just number-chasers. Let's prove them wrong by trying to do more rag-chewing! We have a Rag Chewing Award - how about trying for that one this year?

KN0WCW was a huge success in 2003. I'm very proud to say that it went off with barely a hitch, and no pink slips from Official Observers, hihi. So, we're carrying it into 2004. Give it a go, I think you'll enjoy it. It might be a little nerve-wracking, but it might be enough to jump start that spark of enthusiasm if you find yourself a little unmotivated lately.

Stay tuned to the web page for updates on the political happenings. We'll do our best to keep you posted and informed on how to make your voice heard. The response you gave to the FCC and the ARRL about our FISTS Petition RM-10811 was phenomenal! Let's keep the momentum going.

If you have any questions, please look in the How Do I section, and if you can't find an answer don't hesitate to contact me or any of the volunteers. That's what we're here for. If you have some spare time and would like to be put on the volunteer list to help with FISTS tasks, please let me know. And if you can, please volunteer to be a Code Buddy, the ORIGINAL mentoring program. It's such a success that it is being emulated by the ARRL and other organizations.

I'm proud to be a FISTS member, and I hope you are, too.

FISTS AWARDS

General Information

All FISTS awards can be applied for via e-mail.

Send an e-mail to the Awards Manager with your call sign, name and address, FISTS membership number, and the name of the award you are applying for. Attach your log of all contacts for the award to the e-mail. The ONLY files that can be accepted are; Excel, Word, and Text files.

DO NOT send logs that are scanned images of your log pasted into Excel and Word documents. Scanned images of log pages will not be accepted.

The ONLY data on the log should be Call, Date, Band, FISTS Nr, Points, CC number.

=====

IMPORTANT (For logs submitted via e-mail): Use a SINGLE TAB between data elements. NO SPACES. The information on your attached log is exported into Excel and checked for duplicate contacts. The data cannot be exported properly if there are spaces instead of ONE TAB. Each data element must be in a field of its own. Which means, DO NOT include any other information such as "QTH", "Name", or the letters "FISTS #", or "CC" in with any of the data.

Logs that DO NOT follow this format will be returned unprocessed.

=====

We realize that the data will not line up in neat even columns when using a single TAB. It doesn't matter if the data on the log lines up or not because it is checked using a computer program, not by printing it out and looking at it.

It just takes too much time to convert the logs with spaces in them to a log with a single TAB, so they will not be accepted.

Carefully check your log for duplicate contacts and delete them prior to sending your log for an award. Deleting Dupes from your log is your responsibility. Paper and electronic logs with excessive Dupes will be returned and not processed.

Please do not send logs that are scanned images (.jpg .gif for example) of your log pasted into Excel and Word documents. Scanned images of log pages will not be accepted. All logs must have "editable" text.

When you apply for an award, please send the complete log for that award. For example, if you have the Silver award and are applying for the Gold award, send the complete log showing all contacts used for the Gold award 500 points.

All contacts submitted in award logs must have been made via two-way CW mode on the air using the call sign, or a previous call sign held by the person submitting the award log.

There is no charge for awards of FISTS members whose dues are current, but two units (68 cents) return postage is appreciated from North American addresses. Non-FISTS and FISTS members who's dues are not current are eligible for awards, but please enclose \$3 to help defray expenses.

All FISTS members, worldwide, can submit their awards to:

FISTS Awards Manager Dennis Franklin K6DF
4658 Capitan Drive
Fremont, CA
94536-5448

Or email to: fistsawards@comcast.net

Dupe Check Sheets

A "Duplicate" Check Sheet must be included with all submitted paper logs of over 100 contacts that are not sorted by FISTS number for Century Awards, or sorted by CC number for Platinum Awards. If your log is sorted by FISTS number or CC number, you do not need to send a Dupe Sheet.

NOTE: The NANFA Award does not require a Dupe Sheet.

A "Dupe" check sheet can be viewed online or downloaded from the FISTS web page. To view it online, just click the link. To download, "right mouse click" on the link and "save as" to your hard drive.

To make your own Dupe Sheet, take a blank sheet of 8.5 by 11 paper and turn it sideways so that the long side is at the top. Write the numbers 1 through 9 along the top edge of the paper spreading them out so you have plenty of room between each number. Now, go through your award log and write the FISTS number for each QSO under the numbered column that corresponds with the first number of each FISTS number. DO NOT USE THE CALL SIGNS. Each time you enter a new number in a column, check down through that column to see if that FISTS number has been previously entered. If it has, then it is a dupe and should NOT be used for your Award Log. This "Dupe" sheet needs to be sent with your award log when applying for awards with over 100 contacts.

What is a CC Number?

This is one of the most asked FISTS Questions! CC stands for Century Certificate. A CC number is the number on the certificate you get when you earn the Basic Century Award. Each certificate has a sequentially issued number on it. That number is your CC number. People exchange CC numbers on the air because the Platinum awards are earned by "collecting" them. You need not have a CC number to collect CC numbers, but it makes it more fun if you can give one out, too.

The Century Award Series

IMPORTANT TO REMEMBER: A FISTS number can only be counted once.

YOU don't have to be a FISTS member at the time of the contact, but THE PERSON you are claiming for Century Award points must have a FISTS number AT THE TIME OF THE CONTACT. For example, if you QSO with someone who is not a FISTS member, but they join FISTS after the QSO, you must work them again for credit. You cannot count the QSO you had before they joined FISTS toward the Century Award.

The person you contact does not have to be an Active Member at the time of your contact. Their number still counts. It would be impossible for our Awards Manager to cross-check dates of renewals to the contact dates, so we make it simple and say "everyone counts". We would hope that if someone cares enough to give out their FISTS number on the air, they will care enough to support the club, but their number counts regardless whether they are a member in good standing or not.

A QSL card is not needed to claim the contact for Century Awards. A worksheet is available on the FISTS Web page in PDF format (you need the FREE Adobe Reader to view/use it). Use it to help keep track of stations worked, and it can be used for ALL of the Century Awards.

Basic Century Award

The Century Award is earned by working 100 points of FISTS members. FISTS operating from the same country that you are in are worth one point. FISTS operating from a different country, as defined by DXCC rules, are worth two points. FISTS affiliated club stations are worth three points.

The following FISTS National Club Stations are worth 5 points towards FISTS awards;
GXØIPX #1, ZL6FF #9600, VK2FDU #9610, and KNØWCW #10,000

Silver Century Award

The Silver Century Award has the same rules as the Basic Century and is for a total of 250 points. Points used to claim the Basic Century may be used toward the Silver Century Award. Send a log showing all 250 points used for the Silver Award.

Gold Century Award

The Gold Century Award has the same rules as the Basic Century, but it is for a total of 500 points. Points used to claim the Basic Century & Silver Century may be used toward the Gold Century Award. Send a log showing all 500 points used for the Gold Award.

Diamond Century Award

The Diamond Century Award has the same rules as the Basic Century, but it is for a total of 1000 points. Points used to claim the Basic, Silver, and Gold Centurys may be used toward the Diamond Century. Send a log showing all 1000 points used for the Diamond Award.

NOTE — If you earn your Basic, Silver, Gold, or Diamond award using QRP, (5 watts or less), please state so at the time of your application for that award. Your call will be printed on the award as, “ Your Call - QRP “.

Platinum Series

Basic Platinum

This award, which used to be called the Century of the Centuries, is earned by working 100 different Century Certificate holders. The Century Certificate (CC) number must be obtained during an on-air CW QSO. Each CC number is only counted once, for a total of 100 numbers, regardless of location or band.

You do not have to have a QSL card to claim the contact for the Platinum Awards.

A worksheet is available on the FISTS Web page in PDF format (you need the FREE Adobe Reader to view/use it). Use it as a check sheet to help keep track of stations worked, and it can be used for ALL of the Platinum Awards.

Platinum 250 Award

The 250 Platinum Award is for 250 Century Award holder Contacts. Send a log showing all 250 CC numbers used for the Platinum 250 Award.

Platinum 500 Award

The 500 Platinum Award is for 500 Century Award holder Contacts. Send a log showing all 500 CC numbers used for the Platinum 500 Award.

Mobile Award

This award is earned by accumulating 100 points of two-way CW OSOs made while MOBILE on or after September 1, 1998.

Point rules are the same as the Basic Century Certificate Award. Duplicate contacts do not count. For purposes of this award “MOBILE” means: Any land motor vehicle used to transport people (car, truck, etc.) Transmitting and receiving antennas must be physically attached to the vehicle. Transceiver must be located inside the vehicle and powered by the vehicle’s electrical system.

You may count the points claimed for the Mobile Award toward the one and two-way QRP Awards if the power is 5 watts or less. They may also be counted toward the Gold, Platinum, or

other awards if you have not previously claimed these contacts.

Worked All States Award

The WORKED ALL STATES award is earned by working FISTS members in all 50 states. The station worked must be a FISTS member at the time of the contact.

Contacts must be made from the same location, or from locations no two of which are more than 50 miles apart which is affirmed by signature of the applicant on the application.

A checksheet is available in PDF format on the FISTS Web page.

Rag Chewers Award

This award is earned by making 100 two-way CW QSO's, each lasting at least 30 minutes, with another FISTS member on or after the date of September 1, 1998. Duplicate member contacts are valid, but they must be made on different dates.

1 X QRP Award

The 1 X QRP Award is earned by working 100 points of FISTS members while you are operating QRP, 5 watts or less. Same point rules as the Basic Century Award.

2 X QRP Award

The 2 X QRP Award is earned by working 100 points of FISTS members while you and the other station contacted are both operating QRP, 5 watts or less. Same point rules as the Basic Century Award.

Nightmare Alpha-Numeric FISTS Award

Start date for this award is January 1, 2003. THERE IS NO ENDING DATE - Take as long as you want to finish it!! All contacts claimed for this award must be made after the starting date.

This award will be a lot of fun as well as a challenge. The award was created by Jack Bock, K7ZR #2656. (Silent Key)

REPEAT: There is NO TIME LIMIT to complete this award.

- 1) Contacts must be 2-way CW on-air contacts made on and after Jan 1, 2003.
- 2) Contacts can be made at any time, any place at any speed.
- 3) Contacts must be with a person or club with a FISTS number.
- 4) Contacts can be with FISTS from any country.

The object is to work stations whose call signs fit into the squares on a grid. There are 260 squares (26 letters and 10 numerals) 'Counters' are the last numeral of the call sign and the first letter of the suffix. For example, K7ZR goes in the 7 column at the Z row. WZ8C fits in the 8 column on the C row. P31ABC would be in the 1 column on the A row. By convention, use the numeral of a portable designator if there is one - WB9CIS /M3 would be in the 3 column on the C row. Also put the date (month/day) in the square with the call sign for reference.

You can make your own grid sheet by taking a piece of 8.5" x 11" lined writing paper and drawing 10 each 3/4" vertical columns labeling them "1" through "0". Then go to the left-hand margin and label 26 of the horizontal stripes "A" through "Z".

A ready-made .pdf grid log, is available for downloading on the FISTS Web page.

To get your NANFA certificate, send your completed grid (filled in with the call signs and dates) along with your log containing the same contact info used for the Basic Century Award. If you work the award using QRP or Mobile state so on your award application. Your award certificate will then be printed with "Your Call - QRP" or "Your Call - Mobile".

Rules for FISTS USA Club Call Use

You must have permission to operate with KN0WCW. To get permission, contact Dennis K6DF at fistsawards@comcast.net. Check the FISTS web page for available dates.
Operating time is limited to seven days per year, per FISTS member.

1. When using the FISTS USA Club Call (KN0WCW) you must attach your call area to the call depending on where you are located during your operation. Example: KN0WCW/6 if you are located in CA, or KN0WCW/1 if you are located in VT.

2. A log must be kept of all QSO's with the following minimum log information; UTC Date and Time of QSO, Call of Station Worked, Frequency, His RST, Your RST, Name of Operator Worked, and QTH of Station Worked. A Club Call Log sheet is available on the FISTS web page.

Send your paper Club Call log, within 15 days after your last day of operation, to:

KN0WCW QSL Manager
c/o Karl Zuege, KB1DSB
2176 Drake Road
Bomoseen, VT, 05732

3. All assigned dates of operation are according to UTC (GMT) date and time.

4. All contacts made using the FISTS USA Club Call are not useable for awards for your own call sign.

5. KN0WCW attempts to QSL 100%. QSL cards will be provided to you for the times you use the callsign. If you can't fill out and/or send the cards yourself, please let QSL manager Karl know and he will do it for you.

6. All QSO's must be made on CW mode only. Any amateur band may be used.

7. When you are the control operator of the station using the FISTS USA Club Call, you must stay within the operating privileges of your own license class.

8. The FISTS number for the FISTS USA Club Call is 10,000 and is the number you should give out when using the Club Call Sign, NOT your own FISTS number. The FISTS USA Club Call CC number is 1380.

9. Envelopes are being kept on file with the FISTS Bureau and the ARRL 0 Bureau for incoming QSL cards. Incoming cards are being put into albums by Karl, and the albums will be available to take to major hamfests or FISTS activities. **If you want a card from a contact you made while using KN0WCW, that is fine, but please ask the person sending the card to send the card directly to you. Cards sent to the bureau will be sent to Karl for use in the club collection and are considered to be "property" of KN0WCW.**

FISTS USA Club Call Certificates

There are two FISTS USA Club Call certificates:

Operator — & — Achievement

FISTS USA Club Call (KN0WCW) Operator Certificate

The Operator Certificate will be issued for making a minimum of 10 contacts per day, (FISTS or non-FISTS stations), of scheduled use of the FISTS USA Club Call during the time you are the Control Operator of the call.

Example: If you signed up to use the Club Call for 5 days total, you must make a minimum total of 50 QSO's with the Club Call in order to qualify for the "Operator Certificate". These 50 contacts may be spread out over the 5 days in any manner.

Send your paper Club Call log, within 15 days after your last day of operation, to:

FISTS USA Club Call (KN0WCW) Achievement Certificate

There are two options to obtain the Achievement Certificate:

1. Contact the FISTS USA Club Call once each month of the calendar year. (Total of 12 QSO's)

Example: You work W2YMX using the Club Call in January, you may also work W2YMX using the Club Call again in February, plus other stations in the remaining 10 months. A contact needs to be made with the Club Call every month of the year under option #1.

Using Option #1, the same station using the Club Call may be worked more than once providing it is in different months.

OR ...

2. Contact 12 different authorized stations using the FISTS USA Club Call during a calendar year. (Total of 12 QSO's)

Example: If work W2YMX, N1PT and KB1DSB using the Club Call in January, you may not work those stations using the Club Call again in any other month during the year if you are going to claim the Achievement Certificate under option #2.

Using Option #2, you can only work a station authorized to use the Club Call once during the calendar year.

Send your station log claiming the Achievement Certificate to:

FISTS Club Call c/o Dennis Franklin K6DF

4658 Capitan Drive Fremont, CA 94536-5448

E-Mail logs will be accepted for the Achievement Certificate only at the following e-mail address:

Only Excel, Microsoft Word and Text files are acceptable e-mail logs for the Achievement Award.

Beginner's Guide to the FISTS QSL Bureau

Basically the QSL Bureau works like this:

You pack up all your QSL cards you have for contacts with other FISTS members and send them to us. We sort the cards and put them in the Self Addressed Stamped Envelopes (SASE's) which the members have sent to us. When we get 6 to 7 cards in an SASE with one ounce (37 cents) postage on it we mail them.

The mailing address for the Bureau is:

FISTS QSL Bureau
c/o Stan Reas - K4UK
1020 Long Island Drive
Moneta, VA 24121

So, to get the cards which are sent via the Bureau for you, you need SASE's on file with us. We **suggest a minimum of three SASE's be sent.** We require envelopes which are at least 4-1/8" high and much prefer the #10 Business Size envelope (4-1/8" x 9-1/2") which will work for nearly all QSL card sizes.

The smaller Personal Size envelope (3-5/8" x 6-1/2") will not handle the large QSL cards which some members send and will no longer be accepted. (See reason below Sample)

Some of the members send 6" x 9" Kraft envelopes which can handle all cards sizes I've ever seen. If you can find the 5" x 7" Kraft envelopes they are a really nice size for SASE's

Your SASE should have at least one ounce postage (37 cents) in the upper right hand corner. Your address goes in the normal address portion of the envelope and put your call in LARGE letters in the upper left hand corner. We will put stamp the lower left hand corner of each of your SASE's:

ENVELOPE _____ OF _____
SASE LEFT _____

This will indicate which envelope is being used and how many are left on hand.

We will include a "Last Envelope in Bureau" note when we have used your last envelope to send cards to you. Also, if the numbers in the bottom left hand corner indicates: for example: "Envelope # 3 of 3" - it will have been your last envelope. When you send in additional cards you can then send in additional SASE's.

Based on the weight of my QSL card the following postal rates apply effective July 1, 2002 per the scales in the Moneta, Virginia Post Office:

Weight	Postage	Cards
1 ounce	37 cents	7
2 ounce	60 cents 1	5
3 ounce	83 cents	23
4 ounce	\$1.06	31

If we get a real bunch of cards for you, we may put them all in the one envelope and add postage as required from our "stamp kitty". If we do this, we appreciate your reimbursing the kitty with your next batch of cards. If you put more than 37 cents postage on your SASE's we will wait until we get the number of cards equivalent to the postage before mailing. If you prefer periodic mailing just let us know.

You can send QSL's for contacts with all foreign FISTS members to us and we will forward them to Chuck Spence, M0AVW in England or Nigel Hardy, ZL2TX in New Zealand who handle the distribution of QSL cards for overseas DX. We distribute cards for Canadian FISTS and other DX FISTS in North and South America directly from the Bureau.

So, send us your QSL cards and some SASE's and you're set up to use the Bureau. However, it won't do any good to send cards for contacts with stations who are not FISTS members as they won't have SASE's on file with us. Also, it is a good idea to confirm with the FISTS member that you will QSL via the Bureau. In that way both will know that there are SASE's at the Bureau.

If you send in a "bunch" of cards it would be appreciated if you sort the U.S cards by call number. It speeds up the initial sort. *But, you don't have to further sort them alphabetically.* Various members of the Franklin County Amateur Radio Club of Rocky Mount, VA assist me in the work of the QSL Bureau. They do the final sorting and mailing of envelopes.

All costs involved in operating the QSL Bureau come from the donations from our members. We mail the DX cards to Chuck in bulk and the cost has averaged 4.5 cents per card. Also we mail the DX cards to Nigel in bulk and the cost has averaged 8.5 cents per card.

So, if you send cards to DX members a donation would be appreciated! Your donation can be **cash or checks. If checks, please make them out to me, Stan Reas, as my bank is "Reluctant" honor checks made out to "FISTS CW Club" or to "FISTS QSL Bureau"**

For Canadian and other non-U.S. members

Since all mail we send out from the Bureau must have U.S. postage stamps, you will have to put U.S. stamps on your SASE's. Since obtaining U.S. stamps may be hard, if not impossible, we suggest that you send SAE's (Self-Addressed-Envelopes) without stamps and some funds to cover the stamps we will obtain for you.

In order to minimize your costs, if you wish, we will accept mailing labels with your address on them in lieu of SAE's and will paste them on envelopes from our stock. Just include some funds with your labels to cover the stamps.

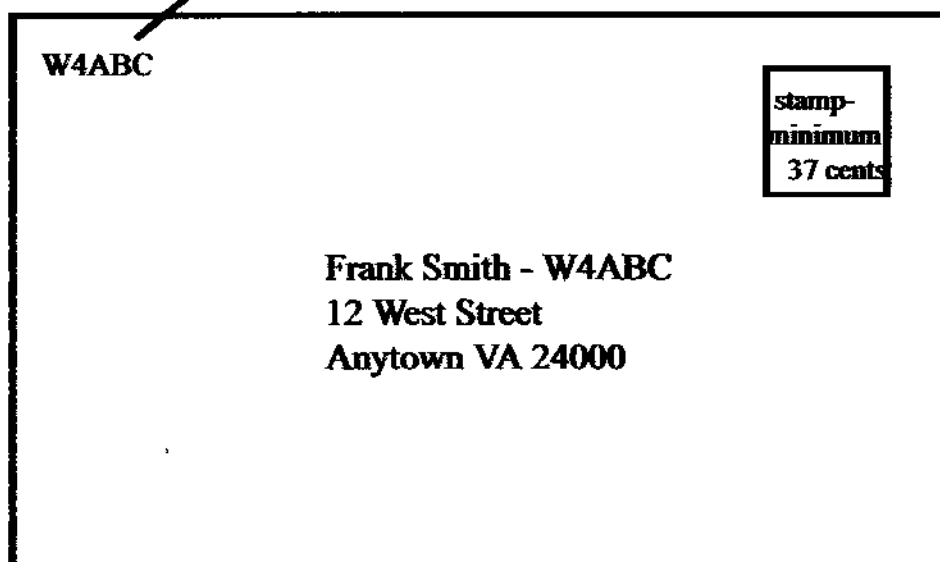

Such funds can be "Green Stamps" or checks or IRC's. If checks, please make them out to me, **Stan Reas, as my bank is "Reluctant" to honor checks made out to "FISTS CW Club" or to "FISTS QSL Bureau"**

Based on the weight of my QSL card at the Moneta, Virginia Post Office the following rates would apply:

Weight	Cards	Postage to Canada	Postage to Mexico	Postage to Others
1 ounce	7	60 cents	60 cents	80 cents
2 ounce	15	85 cents	85 cents	\$1.60
3 ounce	23	\$1.10	\$1.25	\$2.60
4 ounce	31	\$1.35	\$1.65	\$3.50

So, send us your QSL cards and some SAE's and some funds and you're set up to use the Bureau. Sample SASE for U.S. members is shown on the following page:

Put your call in large letters here

Sample SASE : Please use a #10 standard business sized envelope

The Reason for not accepting Personal Size (3-5/8" x 6-1/2") envelopes:

Quite a few members are making their own QSL cards now-a-days. Often these are larger than the standard 3-1/2" x 5-1/2" dimension. Also quite a few of the cards from DX members are larger than the standard.

The small personal size envelope which is 3-5/8" x 6-1/2" can not accommodate these larger cards. My staff consists of all volunteers and they have become frustrated with trying to patch up the small envelopes to mail the larger cards. They are reluctant to fold the large cards

They have resorted to:

Cutting the front off of the small envelopes and taping it to a # 10 envelope

Taping paper to the flap and taping down the increased flap

Peeling stamps from the small envelopes and using Rubber Cement to paste them to a # 10 envelope and then writing the address on the # 10 by hand

These volunteers have done a great job helping me run the FISTS QSL Bureau and I want to alleviate their frustration. Therefore, I have decided that we will no longer accept envelopes with height dimension less than 4-1/8" which is that of the # 10 business size envelope. That means we will not accept **any personal size (3-5/8" x 6-1/2") envelopes.**

We much prefer the Business Size envelope which is 4-1/8" x 9-1/2" but will accept other envelopes which are at least 4-1/8" x 6" - such as the 6" x 9" and the 5" x 7" Kraft envelopes.

But please note that Charlie, K4BSF who handles the "8" calls for the Bureau will only accept # 10 Business Size envelopes!

Now if there are any of you who live so far away from a store selling # 10 Business Size envelopes, we will accept mailing labels with your address on them and stamps and money in lieu of SASE's. We will put your labels and your stamps onto # 10 envelopes which we will furnish from our stock.

Tips on how to save money using the FISTS QSL Bureau
Here are a few suggestions on how more economically use the Bureau.

1.) *Send at least 7 cards in each envelope you mail to us.* Depending upon the weight of the card stock used for your QSL, you may be able to send up to 11 cards for one ounce (37 cents) postage. It might be worth a trip to your Post Office with some of your cards and have them weigh one envelope and your cards to determine how many make up one ounce.

2.) *Use the 23 cent stamp!* Both for mailings to us and for SASE's you supply. Whereas it may be easier to just put two 37 cent stamps on an SASE, we can still only send 2 ounces worth of cards for the 74 cents postage - that's about 15 cards. So your per card cost is about the same as with two SASE's each with 37 cents postage.

3.) *You can generally send three #10 envelope SASE's to the Bureau for 37 cents postage.* You don't need 60 cents postage on the envelope containing three SASE's. The envelopes can be folded in thirds to fit in the enclosing #10 envelope.

4.) If you want us to wait for more than 7 cards before mailing and can't get the 23 cent stamps, send your SASE's with 37 cent stamps on each and some loose 37 cent stamps. I can put 23 cent stamps from our "stamp kitty" on each of your SASE's for a total of 60 cents postage making them good for 15 cards. But **DO INCLUDE** a note telling me that's what you want to do.

For Example: If you want us to wait for 15 cards before mailing, send three SASE's, each with a 37 cent stamp on them, and two loose 37 cent stamps, I will put a 23 cent stamp on each of the three envelopes and put 5 cents in our stamp kitty.

5.) If you put three 37 cent stamps on your SASE's, we assume you want us to wait until we get 31 cards before mailing, since \$1.11 postage will handle 4 ounces. If that's not what you want us to do, please include a note telling us what you do want.

6.) Another good reason to use the 23 cents stamp is because of the postage rate steps. One ounce does require 37 cents postage, but two ounces requires only 60 cents postage, 23 cents more. And, three ounces requires only 83 cents postage, again only 23 cents more. The 23 cents per ounce continues on up - That is: \$1.06 for 4 ounces, \$1.29 for 5 ounces, Etc.

7.) If you use 37 cents per SASE (7 cards), the per card cost is 5.28 cents. If you use 60 cents per SASE (15 cards), the per card cost is down to 4 cents. For 83 cents per SASE (23 cards), the per card cost is 3.61 cents. And, for \$1.06 per SASE (31 cards), the per card cost is 3.42 cents. Another reason to use 23 cent stamps!

8.) Often we receive only one card for a "DX" member in an incoming envelope. That is some savings over mailing the card direct, 37 cents versus 80 cents. But I do not make immediate mailing of your card to the DX member via the DX FISTS QSL Bureaus. Mailings are periodic to Chuck, M0AVW for everywhere but VK/ZL and to Nigel, ZL2TX for VK/ZL. These chaps handle distribution of cards to our DX members. Generally mail to them goes out about every 10 days. Average cost of mailing cards to Chuck in England has been 4.5 cents per card, and average cost of mailing cards to Ralph in New Zealand has been 8.4 cents.

9.) Costs for overseas mailing come from donations made by our members. So far we are in the black, due to the generous donations from some 990 of our members. Your contributions are always welcome!

10.) All of the above is for our U.S. members. Generally our Canadian members and other members on this side of the Atlantic send us SAE's and U.S. dollars. The postage rate steps for mailing to Canada is somewhat similar, except the first ounce (7 cards) requires 60 cents postage. The 2nd ounce (15 cards) requires 85 cents postage. The 3rd ounce (23 cards) requires \$1.10 postage.

FISTS CALLING FREQUENCIES

We all know that no one owns a particular frequency. You can find a FISTS member on the bands just about anywhere by calling CQ FISTS. You are encouraged to spread out and not cluster just on these spots - after all, there are thousands of FISTS and we can't all fit on the same frequency! You will increase your odds of finding different FISTS members if you call in different places on the bands.

Keep in mind that some of these frequencies, particularly on 20 meters are near the QRP/DX window and other groups calling frequencies. LISTEN before you call CQ; ask if the frequency is busy. If you can, make a contact and move, or QSY, off the frequency to a different spot to free up the calling frequency for others to use. That's why it's called a calling frequency, not a QSO frequency. With this in mind, here are the suggested calling frequencies.

2m 144.058 MHz

6m 50.058 MHz

10m* 28.058 MHz

12m 24.918 MHz

15m* 21.058 MHz

17m 18.085 MHz

20m* 14.058 MHz

30m 10.118 MHz

40m* 7.028 MHz All IARU Regions

40m 7.058 MHz — IARU Region 2

80m* 3.558 MHz

160m* 1.808 MHz

* Note 1: The calling frequencies for 10m, 15m, 20m, 40m - All IARU regions, 80m, and 160m, are only 2 kHz. below QRP calling frequencies (7.030 MHz is the QRP calling frequency in Europe). Please only QSY *down* from these frequencies.

U.S. Novice sub-bands

10m 28.158 MHz 15m 21.158 MHz 40m 7.118 MHz 80m 3.708 MHz

Note 2: Please use the Novice sub-band calling frequencies as much as possible. It will benefit Novices, and also provide support for retaining the spectrum.

FISTS SPRINTS

OBJECTIVE: To exchange specified information with as many U.S. or Canadian FISTS members as possible, using Morse Code only, and within the time frame stipulated.

PARTICIPANTS: Any properly licensed amateur radio operator, FISTS member or non-member is invited to take part in the contest. At least one of the two stations in each QSO must be a U.S. or Canadian station.

DATE AND TIME:

The Winter SPRINT will run from 1700 UTC to 2100 UTC on Second Saturday in February.
The Spring SPRINT will run from 1700 UTC to 2100 UTC on Second Saturday in May.
The Summer SPRINT will run from 1700 UTC to 2100 UTC on Second Saturday in July.
The Fall SPRINT will run from 1700 UTC to 2100 UTC on Second Saturday in October.
Please note times are in UTC; daylight savings time is NOT a factor.

BANDS: Operation is limited to the following amateur bands: 3.5, 7, 14, 21, and 28 MHz amateur bands. Work stations only once per band.

ENTRY CLASSES: There are three entry classes:

QRO is over 5 watts output power.

QRP which is limited to 5 watts output power or less.

Club (regardless of power). Entry class **MUST** be shown on logs to be considered for entry in a particular class, or will be assumed QRO.

An entry must be ONE class only, no combination of classes is allowed

EXCHANGE: The following information must be exchanged by both stations to count as a valid contest QSO:

For FISTS members: RST, U.S. state/Canadian province/DXCC country, first name, FISTS number.

For non-FISTS members: RST, U.S. state/Canadian province/DXCC country, first name, Power output.

DX COUNTRY STATUS: U.S. states and Canadian provinces are those states and provinces that are contiguous and found within the North American continent. DX are those entities listed in the current ARRL DXCC publication, other than the above.

SCORING:

Each QSO with a FISTS member: 5 points.

Each QSO with a non-FISTS member: 2 points.

MULTIPLIERS: Each U.S. state or Canadian province counts as one multiplier.

Count each only once, no matter how many times worked.

DX countries count as a multiplier each time worked.

If a DX country is worked several times on different bands, each QSO counts as a multiplier.

LOG SUBMISSIONS: Sending the logs is what counts, and they will be spot checked for accuracy and correct scoring procedures. All log entries must be received 30 days after the Sprint to be considered valid. Logs not sent to the proper address will not be considered for entry.

All logs MUST contain the following information to be considered for entry::

Your name and call sign. Club name if entry is for a club. Your FISTS number if a member. Entry class. Your claimed score. List of claimed multipliers. An entry form is available on the web page..

ELECTRONIC LOGS; We will accept E-logs in standard Cabrillo format, or ascii text files. If you not sure about your format, please contact me before the contest entry deadline.

E-logs are sent to W8PIG@yahoo.com ONLY.

PAPER LOGS: Send log and forms to: Dan Shepherd, N8IE 1900 Pittsfield St. Kettering, Oh 45420

FISTS Code Buddy Program

The FISTS Code Buddy Program was designed and created in England as an original part of FISTS in 1987. It started matching people on an infrequent basis, and has developed into a very popular and highly organized program thanks to Nancy Kott, WZ8C and later by Ed Breneiser, WA3WSJ and John Cmiel, W9EM who remains the webmaster of this site.

You don't have to be a member of FISTS to participate in our Code Buddy Program, but there are a many reasons to join the club. We have thousands of members worldwide and I'm proud to say, we are the fastest growing CW organization in the world.

In general terms, the FISTS Code Buddy Program matches an experienced CW operator with someone that wants to improve. They find convenient schedules and work one on one, on the air, to develop good operating skills and improve speed. It has been a very successful program. We have several hundred participants.

The first step in joining is to fill out a [Code Buddy Application](#) so I can collect your profile information and put you in our database for an assignment. We'd love to have you join the team either as a student and/or teacher (now or in the future).

There are links to the Code Buddy application form on the FISTS Web page. If you would like to fill out the application and return it either e-mail or postal mail, I'll process it as soon as I can.

Sometimes it takes a little while, but rest assured I am reviewing all of the student and teacher applications every week, as well as those who just want practice buddies, and I'll get you an assignment as soon as possible.

If you can, let me know your best areas of propagation. It gives me some idea of the best place to start when I make an assignment. Also, as much personal information that you care to share, hobbies, interests, background, etc., helps me find someone that may be more compatible.

I look forward to hearing from you and again I appreciate your interest. Please let me know if you have additional questions. Many of our code buddies become very good friends. I hope this happens for you.

When You've Worked a FISTS, You've Worked A Friend.

You are cordially invited.....

...to join FISTS CW CLUB, the non-profit group devoted exclusively to CW operators and Morse code operating.

We have three straightforward goals:

To further the use of Morse code
To engender friendships among members
To encourage newcomers to use Morse code

We are celebrating our 15th year of bringing hams together using a common bond — A love of Morse code.

FISTS members actively participate in a wide variety of FISTS activities including rag chewing, contesting, earning awards, QRP, and most importantly, our Code Buddy "Elmering" program.
All activities emphasize courteous operating practices.

Our members are young and old, both OM's and YL's. They live worldwide, hold every license class and enjoy CW at widely varying proficiency levels.

FISTS is not tied to any commercial interests and has no paid employees. Our chatty newsletter, The Key Note, our QSL Bureau, all awards and activities are funded by entirely by a modest annual dues of \$15.

Requirements for membership are simple.

You simply have to like Morse code!

KEYNOTE ARTICLE - Code Buddy Program April 4, 1998

Hello FISTS! I wanted to take a couple of lines in this month's Keynote to introduce myself. My name is John Cmiel - W9EM. I am the newly appointed FISTS Code Buddy Coordinator. (note: I remain the webmaster for the Code Buddy web site, but the Code Buddy coordinator has changed - {see below}).

There may be some members, especially our newer members, that may not be familiar with the FISTS Code Buddy Program. Let me take a couple of minutes and give you some of the highlights. We all know that there is no better way to improve your CW skills than to have "on the air" contacts. But, they can be frustrating and embarrassing when you meet operators that send too fast or are beyond your capabilities and not willing to slow down and help you.

We have all been there. It can be a tough, frustrating, even a scary experience.

SRJ OM QRM, 73 BCNU SK. BANG! Shut off the rig. WHEW! I'm glad that's over with. I may NEVER try that again. **THIS WAS SUPPOSED TO BE FUN!** Does this bring back a memory?

I remember back to my days as a novice (WD9AKE). It was 1977. There was a big push to add members into the HAM fraternity and there were a lot of operators that were at the same level that I was (new, slow and inexperienced). In addition, I had an Elmer, WB9LJW, that spent countless hours with his students turning them into CW operators and helping them reach that illusive General Class License. Thanks Bob. I'll never forget your dedication, patience and understanding. It was still stressful from time to time, and I think it may be even more difficult today.

Well, there is good news. We have a better way. The FISTS Code Buddy Program is a great way to work one on one with an experienced, friendly operator that understands your needs. Your personal Code Buddy will become a friend that will send slowly enough for you to copy and will provide you with the ability to learn proper operating techniques. If you are new to CW, or just need a 'brush up,' your Code Buddy will work with you at a comfortable rate as you gain speed and experience and most importantly, confidence.

We have a number of our members that have volunteered to assist. These are the Code Buddies, and they are the foundation of this program. They are typically "seasoned" CW operators that will establish a schedule with you to give you actual "on the air" practice sessions.

It's a great way to improve your CW operating ability, meet other members and establish new friendships that may last for years. It doesn't make any difference whether your primary interest is contesting, traffic handling, or rag chewing, etc. We have the perfect Code Buddy for you. It's a very worthwhile program and one that I'm sure you will enjoy.

Now, a little about the role of the coordinator. My job is to keep track of all the Code Buddies and the Students and initially "hook them up" so you can establish schedules that are mutually convenient. I'll try to find common equipment capabilities, times of the day and areas of common interest, etc. So, please send me as much information about yourself as you can to help me find you a compatible Code Buddy or Student.

I will also follow up from time to time to see how things are going. If for any reason the Code Buddy and the Student can't connect, I have a list of other Code Buddies and Students that can be substituted.

I'm in process of creating a computerized file of Code Buddy information. If you are an existing Code Buddy or a Student working with a Code Buddy, please let me know (I need your help, the old FISTS files are not available). If this program sounds interesting and you would like to be a Code Buddy or a Student, great, let me know that also. I'll put you in the data base and share it with other interested members. **Please Note: Effective October 2002 The new Fists Code Buddy Coordinators are: W3GR - HEMARC Membership #9275 PO Box 746 MS 4015 Baltimore, MD 21203 or w3gr@arrl.net Copyright © 1999-2003 John R.
